DD700 weighing operations

Place the ticket into the printer

The vehicle pulls onto the weighbridge

Press the print button 

The 1st weight will now be printed and the vehicle can proceed onto site to either load / unload

On the ticket there will be an RCD number

The vehicle returns to the weighbridge

Put the ticket into the printer

Press the RCD (button 2) and enter the correct RCD number (this is on the 1st weight ticket)

Press enter

Press escape

Press the print key 

The ticket is now complete and the net weight is printed at the bottom of the ticket

Tare weighing on the DD700

Place the ticket into the printer

The vehicle pulls onto the weighbridge

Press the RCPD (button 3)

Enter a vehicle ID number and press enter. Ex, 1

Type in the vehicles tare weight. Ex 12000

Press enter and escape

Place the ticket in the machine and press print
